

**40<sup>th</sup> anniversary meeting of the Dutch NMR-DG at the Wageningen NMR Centre  
Friday 28 October 2005 in Wageningen**

location: grote college zaal Chemistry Building (Dreijenplein 4, gebouw 316)

Route description: <http://www.wur.nl/uk/addresses/travel.html> ,  
<http://www.wageningen-ur.nl/nl/adressen/nummers.htm> .

- 9.30 Reception with coffee.
- 10.00 Opening and Welcome by  
Henk Van As (Wageningen NMR Centre) "NMR in Wageningen"
- 10.10 Jacques Vervoort (Wageningen University), "Advances in LC-NMR"
- 10.40 Volkel Lehman (Bruker, Karlsruhe), **Cryo-micro-imaging**
- 11.10 Paul van Tilborg (Organon, Oss) **Solid-state NMR in pharmaceutical development**
- 11.40 Bernhard Blümich (Aachen) (**key note lecture**) Mobile NMR: relaxation, imaging and spectroscopy
- 12.20 - 13.45 Poster session and lunch buffet offered by Wageningen NMR Centre
- 13.45 Bart Erich (Eindhoven University), **Drying of alkyd coatings as studied with MRI**
- 14.10 Alexander Volkov (Leiden University), **Paramagnetic Relaxation NMR for Protein Complexes**
- 14.35 Andreas Brinkman (Radboud University), **DFS <sup>17</sup>O NMR of biological systems**
- 15.05 Frans Mulder (Groningen University) **Conformation and dynamics of ribosomal stalk protein L12 in solution and on the ribosome**
- 15.35 Stefan Rüdiger (Utrecht University), **Study of chaperone-protein interactions by NMR**
- 16.05 Poster Award (offered by Bruker) and Closure (Rien de Bie en Hardew Angad Gaur)
- 16.15 Reception with drinks offered by NMR-DG Foundation at the 40<sup>th</sup>- anniversary occasion**
